ONE LUNG

May be gone and yet the remaining lung will be amply sufficient to sustain a vigorous vitality. As a general thing few people make more use of both lungs than is equivalent to a healthy use of one lung.

These facts are all in the favor of the man or woman with weak lungs, even when disease has a strong grip on them.

Many a person living in health to-day has the lungs marked by the healed scars of disease.

Dr. Pierce's Golden Medical Discovery makes weak lungs strong. It cures obstinate, deep-seated, coughs, bronchitis, bleeding lungs and other conditions, which, if neglected or unskillfully treated, find a fatal termination in consumption.

"I had been troubled with lung disease and pleurisy for a number of years and the trouble had almost become chronic," writes A. S. Blum, of Howe, Ia.

"I had several kinds of medicine from different physicians without much benefit. At last I wrote to Dr. R. V. Pierce and got his advice, and began using his Golden Medical Discovery. I commenced taking it and had no appetite; my system was completely run-down, had no ambition to do anything. Now I feel better than I did before I got sick. Have a good appetite and am able to do my work. I sincerely recommend Dr. Pierce's Golden Medical Discovery to all who are afflicted as I was."

Those who suffer from chronic diseases are invited to consult Dr. Pierce, by letter, free. All correspondence strictly private. Address Dr. R. V. Pierce, Buffalo, N. Y.

War in the East.

General Kuropatkin is making an inspection of the Russian outposts along the Yalu river. Further exchanges of shots have occurred between the Russian and Japanese forces along the borders of the river. General Rennenkampf's Cossack division, numbering 10,000 men, has arrived on the upper Yalu. Vladivostok is held by 13,000 riflemen.

An officer and 15 Cossacks who were left south of the Yalu to reconnoiter after the Russians retired succeeded in locating the Japanese positions without discovery, swimming their horses a mile and a half in recrossing the river.

General Kuropatkin, remembering the experience of Russia during her war with Turkey, when the Russian army of 30,000 placed in the field at the beginning had to be more than doubled, has insisted that the men and guns to be placed at his disposal shall cover the extreme limit required to settle the fate of the campaign.

The Russian plans are predicated upon Napoleon's dictum that "God fights on the side of the heaviest battalions," and they are being worked out and timed so as to apply to a superior force of numbers on land and sea simultaneously.

The army is designed to attain the enormous total of half a million at the time scheduled for the reinforcement of Vice Admiral Makarov's fleet with the Baltic squadron.

Russian officers at Niuchwang consider that Japan has missed her opportunity to occupy Niuchwang, where the defenses are now ample to repulse any attacks. Heavy rains have flooded the railway and blocked the roads throughout southern Manchuria. The field telegraphs are interrupted and the country is impassable.

The Japanese army has now reached the Yalu river, the frontier of Korea, having overrun all of that country. It is expected that the army will next cross the Yalu and invade Manchuria, with a view of attacking Niuchwang. On the way to the latter support the Russians, it is predicted, will give battle.

It is officially stated in Paris that Japan's first army, consisting of four corps, has fully landed in Korea and the second army, of the same size, is about to start.

Backing up her protest to China against the use of Japanese instructors in the Chinese army Russia is assembling troops to threaten the frontier.

Russia accepts the new Anglo-French treaty as a guarantee against complications in the far East.

Hobson Defeated.

A general democratic primary was held in Alabama yesterday for the nomination of Congressmen, Supreme Court judges, president of the railroad commission, minor judicial and county officers, and for the selection of delegates to the democratic State convention.

Partial returns and approximately correct estimates received up to 10 o'clock last night show that B. B. Comer, candidate of the rate reform element, has swept the State for president of the railroad commission, defeating John V. Smith, present incumbent; Capt. R. F. Kolb, and H. C. Compton. Comer's majority may reach 25,000. He appears to have carried almost every county in the State, except a few of the larger ones.

In the Sixth Congressional district, where Capt. R. P. Hobson opposed the renomination of Congressman Bankhead, the returns received indicate the renomination of Bankhead by a majority of from 800 to 1,000. Hale county, Hobson's home, went for him by a majority of about 600, but this is offset by a majority of 600 for Bankhead in Tuscaloosa county.

In addition, Bankhead, according to present indications, has carried the counties of Sumter, Greene, Marion, Lamar, and Fayette by majorities ranging from 200 to 400. He has also carried the two largest precincts in Walker county, and probably has that county by a small majority. Nothing has been heard from Pickens county, but it is believed to have given Hobson a majority of 300 or 400. The Bankhead men claim that Bankhead has swept the district.

L. B. Musgrove, Capt. Hobson's campaign manager, last night conceded Walker county to Bankhead by a majority of 100. That county was the battleground, and its concession to Bankhead is an acknowledgment of Hobson's defeat. Later returns increase Bankhead's majority.

In the Seventh district, Congressman J. L. Burnette was renominated over John A. Lusk, while Secretary of State J. Thomas Hefflin has won the nomination in the Fifth district, to succeed the

that I must do something to regain my health. A friend advocated your Wine of Cardui treatment so strongly that I decided to try it, although I had little faith in patent medicines.

I am now very thankful that I did so, for within ten days blessed relief came to me, and in less than three months I was cured, and have enjoyed fine health ever since. I know there is nothing better for a sick woman who wishes to enjoy perfect health and am very pleased to give my hearty endorsement."

No suffering woman can afford to ignore such a letter as Mrs. McDonald writes. Her plans and advice have proved valuable in building up one of the greatest women's organizations in the United States and she takes time to give advice which she knows will help you.

Do not delay in securing this medicine. There is nothing to gain and everything to lose by delay. The choice is before you. Will you or will you not secure relief now by taking Wine of Cardui? All druggists sell \$1.00 bottles of Wine of Cardui as well as 25c packages of Theodor's Black-Drainage.

late Congressman Thompson, who died recently.

The Supreme Court contest is in doubt, owing to the large number of candidates.

In the selection of delegates to the State democratic convention, it is regarded as practically certain that a majority of those chosen will favor an un-instructed delegation to St. Louis, favorable to the nomination of a conservative eastern man for President on whom all factions can unite. The Hearst men made a fight at several points, but made no considerable showing. The returns indicate that Alabama's big four will be chosen from W. W. Screws, Montgomery; E. L. Russell, Mobile; John B. Knox, Anniston; H. S. D. Mallory, Selma, and R. N. Rhodes, Birmingham. All these are anti-Hearst men. While the delegation to St. Louis will be un-instructed, it will cast its vote for Parker.

How to Ward Off an Attack of Rheumatism.

"For years when spring time came on and I went into gardening, I was sure to have an attack of rheumatism and every attack was more severe than the preceding one," says Josie McDonald, of Man, Logan county, West Va. "I tried everything with no relief whatever, until I procured a bottle of Chamberlain's Pain Balm, and the first application gave me ease, and before the first bottle was used I felt like a new person. Now I feel that I am cured, but I always keep a bottle of Chamberlain's Pain Balm in the house, and when I feel any symptoms of a return I soon drive it away with one or two applications of this liniment.
